Profile

Hi, I am Sander; a 23 year old junior Front End developer with a passion for web design and programming. What I lack in experience, I make up for in my eagerness to work, and my dedication to deliver good solutions.

I am precise and focused, with a huge thirst for learning new skills, crafts and technologies. I work well both alone and in a teamplayer-setting.

Education

Front End Development, Noroff School of Technology and Digital Meida

Oslo, Norway | 2019 - 2021

Higher Professional Degree

Music Production & Songwriting, Skiringssal Folkehøgskole

Sandefjord, Norway | 2018 - 2019

Employment History

Warehouse Employee, Nytelse AS

Holmestrand, Norway | 2017 - 2018*

My work tasks consisted of invoicing and picking and packing orders. I stopped my employment there to go back to school. I still work there during summer / winter breaks in school
